PERMAGUARD CARE & CLEANING

Better Stain Resistance

Seeking protection and a barrier against stains, PERMAGUARD® was developed as a protective layer on top of the material, protecting against stains from pens and some fine-point permanent markers.

Cleaning Method

We recommend cleaning at least once a week to extend the lifespan of the upholstery, preventing dirt and contamination from building up stains and becoming permanent.

1. Immediately wipe off any excess with a dry white cloth or fabric, but don't spread it all over the surface.
2. Clean the whole surface in circular motions using a clean cloth or fabric with liquid hand soap and water (1 part soap to 9 parts water). Check the guide for recommended cleaning products.
3. Wipe with a clean damp cloth to get rid of any excess soap.
4. If there is any build-up that can't be removed with soapy water, use the following mixture: 9 parts isopropyl alcohol to 1 part water. Clean with circular motions without spreading the stain. For highly textured materials, we recommend using a soft-bristle toothbrush for a deeper cleaning. Remember, light colors need care, more often.
5. Clean with a clean damp cloth, wipe off and dry. Make sure there isn't any cleaning product left.

Never Use

- Solvents like paint thinner, Varsol, acetone, whiteners, waxes, silicones or detergents and/or cleaning products that are not pH neutral.
- Products that are more than 90% alcohol.
- Cleaning tools like plastic or wire sponges, or hard-bristle brushes that can damage the material permanently.

CLEANING INFORMATION IS OFFERED FOR GENERAL GUIDANCE ONLY AND IS NOT A GUARANTEE. THE USE OF CERTAIN CLEANING AGENTS MAY BE HARMFUL TO THE APPEARANCE AND LIFESPAN OF THE PRODUCT. UNITED FABRICS ASSUMES NO RESPONSIBILITY FOR DAMAGE TO A PRODUCT RESULTING FROM LACK OF CLEANING, IMPROPER CLEANING, OR THE MISAPPLI CATION OF CLEANING AGENTS. CERTAIN CLOTHING AND ACCESSORY DYES MAY MIGRATE TO MATERIALS AND CAUSE PERMANENT DAMAGE OR DISCOLORATION. UNITED FABRICS IS NOT RESPONSIBLE FOR DYE TRANSFER CAUSED BY EXTERNAL CONTAMINANTS, ARTICLES OF CLOTHING OR ACCESSORIES.
