UNITED FABRICS: CAPE COD COLLECTION

United Fabrics and Sunbrella® continue their cross-country Roadtrip Series to the well-traveled coastal destination Cape Cod. The third collection in this collaboration features 20 seaside-inspired colorways across four new patterns highlighting the lush gardens, wild beaches and colorful, charming architecture for which the coastal New England region is known.

Filled with quaint patterns in peaceful colorways, the Cape Cod Collection is designed to be mixed and matched, lending itself to a bespoke, “lived-in” aesthetic. The motifs in this collection include traditional florals and diamonds alongside more contemporary interpretations, layering expressive floral illustrations with scalloped designs.

LONG LASTING

Sunbrella fabrics guarantee against abrasion, pilling, loss of color and loss of strength and will stand up to years of normal wear, exposure and cleaning.
