

FALL 2020 LOOKBOOK

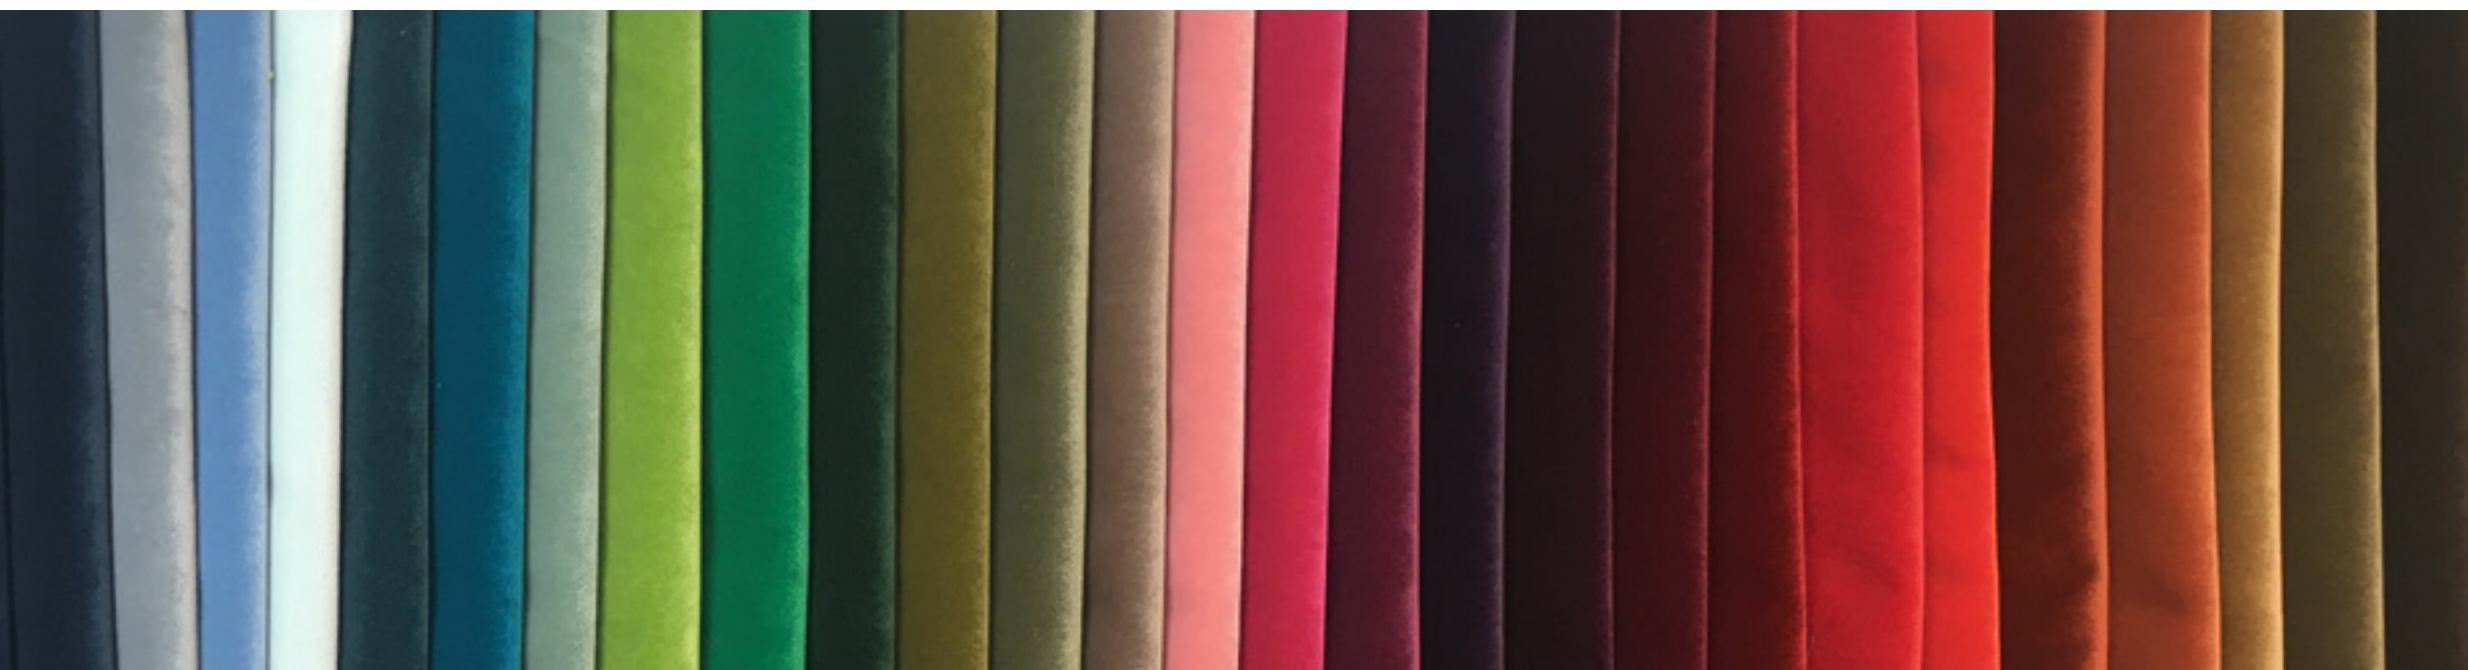

LUSH

📷 :PATINA STUDIOS

Years in the making in collaboration with one of our top velvet mills, Lush strikes a beautiful balance between lustre and “dry” hand that enhances both subtle and deeply-saturated colors. Lush’s performance features offer both incredible durability for a velvet upholstery at 100,000 double rubs, as well as suitability for public-space drapery, inherently meeting NFPA 701 flame standards.

KAHLO & MIRAMAR

Inspired by world travel, Miramar and Kahlo evoke both vintage and modern aesthetics. Miramar featuring the look of a well-worn rug and Kahlo showcasing bold, abstract brush-strokes. Despite their global pedigree, both are woven in the USA, feature cutting-edge performance technology, and exceed 50,000 double rubs.

MUSE & OTTO

Muse and Otto: just two examples of over 500 performance solids offered in a variety of constructions in our portfolio. From the incredibly cozy, plush Muse chenille, to the simple, yet naturally beautiful two-tone body cloth Otto, our fabrics not only look great, but perform just as well.

SUNBRELLA BALANCE

Sunbrella Balance features intentional styling to create clever and fresh atmospheres. Using complex yet composed design elements, the collection feels playful and approachable. Eclectic color combinations catch the eye: saturated colors grounded by neutrals inspired by earthy clays, lush greens and hazy blues. Sunbrella's 5-year limited warranty against loss of color and strength has now been expanded to include abrasion and pilling.

SUPREEN™

The fabric that keeps liquid out and beauty in™

| | |
|---------------------------|-------------------|
| Total Liquid Barrier | Surprisingly Soft |
| Environmentally Conscious | Ready for Bleach |

The latest development in textile technology, Supreen combines high-performance woven fabrics with a liquid barrier like you’ve never seen before. Unlike prior barrier fabrics, Supreen’s technology allows it to have a surprisingly soft and supple hand, yet allows the fabric to remain breathable. Despite its innovative technology, Supreen doesn’t force designers to sacrifice aesthetics for performance – as shown in these beautifully-saturated colors.

SUPREEN™

Performance finishes have allowed us to once again make the subtle beauty of neutral palettes part of our design decisions.

Supreen takes this one step further by making spills or cleaning a non-issue in your fabric selection. Choose from a wide variety of lovely neutrals that emphasize texture without the worry of stains or spills soaking through.
